WHEN GREEK MET RUSS.

The Cane's Subject Was Almost Caught,

But Found a Way Out A Greek ressel was lying at anchor not long since in a harbor in the Black sea, and being a rather suspicious craft an excise officer was ordered to keep watch on its movements.

The captain was anxious to perform some illegal operation with his ballast, but he found it impossible to escape the vigilance of the officer, so he deter mined to make worth his while to wink

As, however, the Russian understood no Greek, and the Greek was quite ignorant of Russian, the proposal had to be made in dumb show. After indicating in pantemime what he wanted todo with the ballast the skipper wrote down on a piece of paper. "Ten ros-

The excise officer read the paper and then promptly wrote undernanth it.

"One hundred roubles." This was more than the Greek felt inclined to pay, and the negotiations fell through.

The affair, however, reached the care of the authorities, and the Greek was arrested. In court he "rounded" on his accuser by producing the document which had been the medium of negotiation between them.

"Did you write this?" asked the judge of the witness, as he pointed to the words: "One hundred roubles." "I did." stolidly answered the officer.

"Then you demanded a bribe?" re-torted the judge, in his severest tones. "By no means," answered the actut Russ. "The prisoner offered me ten roubles and I told him. I would not do what he wanted for one hundred rou-bles."—Boston Berald.

don is 181,507,049 gallons, representing a daily consumption of 31.89 gallons per head for all purposes. When a woman goes to break a piece of ice she puts it on a plate, and after she brings the hatchet down she is sur-prised to find the plate broken.

Work has begun on a mining tunnel near Wardner, Ida., which will be more than two miles long, and will tap several of the principal mines in the Cour d'Alene district.

The Lamb Tree.

Jonnes Zahn in 1696 first gave the world information as to this valuable plant. The plants tartarica bowmets, according to Mr. Zahn, grows in Tartary like any other plant, and when it gets ripe a lamb forms on the top of the flower stalk. After a while the stalk bends over and the lamb grazes till all the grass in the vicinity is cropped off or the stem is severed. Then it dies. Welves are said to be quite fond of this Wolves are said to be quite fond of this vegetable mutton.—John Ashton in Curious Creatures in Zoology.

It Will Be Sold Cheap to Some County Needing an Outfit or to Anyone Who Wants It.

Kent county is not exactly in the furniture business, but it has a large quantity of good office furniture and record files, pigeon holes, etc., for sale, if some of the counties in Mengan are needing an outfit for their county office, they will find this an excellent opportunity to secure everything desired, and at little cost; though the old furniture is massive and substantial it was hardly modern enough to grace he offices in the handsome new court

The furniture is that which was used in the register of deeds, county cierk, treasurer, judge of protate, circuit court, and superintendent of poor of-fices.

There are over 200 chairs, among which are office, cane seats with arms, leather seats, cane seats and backs, kitchen chairs, wood seats, etc., also a large number of wood settees. There large number of wood settees. There are also a number of writing desks, tables, book racks, pigeon-hole cases, tecord cases for register's office, file cases, three large safes, one containing steel chest, counters, office deeks, double, single and upright water coolers, several fine wood office stoves, vault fixtures, cases for legal blanks, in fact everything needed to thoroughly equip a county office. Anyone wishing to purchase the whole or any part of the above furniture should communicate with Supervisor John Benjamin, chairman committee on public buildings, or see him at Benjamin Bros. & Co.'s store, 84 Monroe street.

Every lady wno buys a pair of shoes from us this week at \$1.50, or over, re-ceives 25 cents in cash at O'Hara's, 72

Muddy Water.

It is a fact, that there is sufficient fifth and suspended matter in either the city or hydraulic water to necessi-tate the tubes of the Pasteur Filter, at Sproul & McGurrin's, to be cleaned every day. It accumulates so thickly that water can no longer pass through until cleansed.

# PECK'S DRUG STORE

Use Disinfectants Freely!

Espec ally about damp wails in the basement, luthuildings, sewers, efc., about also be looked after, as acknown may be prevented by proper distallecting. We sell Crude Carbolic Acid at 30 Cents per Quart Jug.

The crude has all the value of the refined and will prove quite as satisfactory for common use. The refined acid we recommend for household use.

To persons who object to the ador of car-bolic acid we recommend Brome Chloralum.

This is non-poisonous and odoriers. It is well adapted for washing and disinfecting refrigerators, use in sick rooms, etc. Platt's Chlorides are equally good.

For purposes where a chosp disinfectant is desired. Copperas is the Best. We Sell 10 lbs of it for 25 Cts.

And the solution. I its to a gallon of water, will thoroughly distanfect outbuildings by pouring a little in occasionally. The price permits its free use.

Tar Camphor Is the cheapest insecticide. It is practically solid carbotic acid, and is used for preventing the ravages of moths. It is cheap, about one-third the price of gum campber. The large clothing stores fad it answers quite as well. It is perfectly white, does not stain, and comes in powder, squares and balls. The odor arising from it disappears on exposure to the air, it is well adapted for seasakin garments, woolens, and for every use where it is desirated be secure against moths. We keep all other antispettes and disinfectants, but the above are the most prominent.
